## 7. ATHLETE'S DECLARATION

I, \_\_\_\_\_, certify that the information set out at sections 1, 2, 3a, 3b and 7 is accurate and complete.

I authorise my physician(s) to release the medical information and records that they deem necessary to evaluate the merits of my TUE application to the following recipients: the UK Powerlifting United (UKPU) responsible for making a decision to grant, reject, or recognise my TUE; and, if needed to assess my application, other independent medical, scientific or legal experts. These people are subject to a professional or contractual confidentiality obligation.

I further authorise UKPU to release my complete TUE application, including supporting medical information and records, to other ADO(s) and WADA for the reasons described above, and I understand that these recipients may also need to provide my complete application to their TUEC members and relevant experts to assess my application.

I consent to my physician(s) releasing to the above persons any health information that they deem necessary in order to consider and determine my application.

I understand that my information will only be used for evaluating my TUE request and in the context of potential anti-doping rule violation investigations and procedures. I understand that if I ever wish to (1) obtain more information about the use of my health information; (2) exercise my right of access and correction; or (3) revoke the right of these organisations to obtain my health information, I must notify my medical practitioner and UKPU in writing of that fact. I understand and agree that it may be necessary for TUE-related information submitted prior to revoking my consent to be retained for the sole purpose of establishing a possible anti-doping rule violation, where this is required by the UKPU; or to establish, exercise or defend a legal claim involving me, and/or UKPU.

I consent to the decision on this application being made available to all ADOs, or other organisations, with Testing authority and/or results management authority over me.

I understand and accept that the recipients of my information and of the decision on this application may be located outside the country where I reside. In some of these countries data protection and privacy laws may not be equivalent to those in my country of residence.

I understand that if I believe that my Personal Information is not used in conformity with this consent and the National Standard for the Protection of Privacy and Personal Information, I can file a complaint to the UK Information Commissioner for data protection in the UK.

I understand that the entities mentioned above may rely on and be subject to national anti-doping laws that override my consent or other applicable laws that may require information to be disclosed to local courts, law enforcement, or other public authorities.

I have read and understood the UKPU Privacy Policy explaining how my personal information will be processed in connection with my TUE application, and I accept its terms.

## **TUE Privacy Notice**

This Notice describes the personal information processing that will occur in connection with your submission of a TUE Application.

### **TYPES OF PERSONAL INFORMATION (PI)**

- The information provided by you or your physician(s) on the TUE Application Form (including your name, date of birth, contact details, sport and discipline, the diagnosis, medication, and treatment relevant to your application);
- Supporting medical information and records provided by you or your physician(s); and
- Assessments and decisions on your TUE application by UKPU and their TUE Committees and other TUE experts, including communications with you and your physician(s), relevant ADOs or support personnel regarding your application.

### **PURPOSES & USE**

Your PI will be used in order to process and evaluate the merits of your TUE application in accordance with the International Standard for Therapeutic Use Exemptions. In some instances, it could be used for other purposes in accordance with the World Anti-Doping Code (Code), the International Standards, and the antidoping rules of ADOs with authority to test you. This includes:

- Results management, in the event of an adverse or atypical finding based on your sample(s) or the Athlete Biological Passport; and
- In rare cases, investigations, or related procedures in the context of a suspected Anti-Doping Rule Violation (ADRV).

### **TYPES OF RECIPIENTS**

Your PI, including your medical or health information and records, may be shared with the following:

- ADO(s) responsible for making a decision to grant, reject, or recognize your TUE, as well as their delegated third parties (if any). The decision to grant or deny your TUE application will also be made available to ADOs with testing authority and/or results management authority over you;
- WADA authorized staff;
- Members of the TUE Committees (TUECs) of each relevant ADO and WADA; and
- Other independent medical, scientific or legal experts, if needed.

Note that due to the sensitivity of TUE information, only a limited number of UKPU staff will receive access to your application. UKPU must handle your PI in accordance with the Privacy Act 1988. You may also consult UKPU to obtain more details about the processing of your PI.

## **FAIR & LAWFUL PROCESSING**

When you sign the Athlete Declaration, you are confirming that you have read and understood this TUE Privacy Notice. Where appropriate and permitted by applicable law, ADOs and other parties mentioned above may also consider that this signature confirms your express consent to the PI processing described in this Notice.

Alternatively, ADOs and these other parties may rely upon other grounds recognised in law to process your PI for the purposes described in this Notice, such as the important public interests served by anti-doping, the need to fulfill contractual obligations owed to you, the need to ensure compliance with a legal obligation or a compulsory legal process, or the need to fulfill legitimate interests associated with their activities.

## **RIGHTS**

You have rights with respect to your PI under the Privacy Act 1988 including the right to a copy of your PI and to have your PI corrected, blocked or deleted in certain circumstances. You may have additional rights under applicable laws, such as the right to lodge a complaint with the Office of the AUstralian Information Commissioner, the privacy regulator in UK.

Where the processing of your PI is based on your consent, you can revoke your consent at any time, including the authorisation to your physician to release medical information as described in the Athlete Declaration. To do so, you must notify UKPU and your physician(s) of your decision. If you withdraw your consent or object to the PI processing described in this Notice, your TUE will likely be rejected as UKPU will be unable to properly assess it in accordance with the UKPU Banned Substance List and the UKPU Drug Testing Policy.

In rare cases, it may also be necessary for UKPU to continue to process your PI to fulfil obligations under the UKPU Banned Substance List and the UKPU Drug Testing Policy, despite your objection to such processing or withdrawal of consent (where applicable).

## **SAFEGUARDS**

All the information contained in a TUE application, including the supporting medical information and records, and any other information related to the evaluation of a TUE request must be handled in accordance with the principles of strict medical confidentiality.

## **CONTACT**

Consult [info@ukpu.org](mailto:info@ukpu.org) for questions or concerns about the processing of your PI.
